Welcome to the Legendary Sale BARN

We are excited to invite all of you to our 9th annual league of legends Invitational Horse Sale! Hosted and held at the home of Chad & Paje Turner of Turner Performance Horses in East Helena Montana.

Nestled between Glacier and Yellowstone National Park is our state capital Helena Montana "Queen City of the Rockies" and the only place you can purchase your very own Legend! We are excited to welcome you and yours to our ranch in East Helena to meet an amazing showcase of horses you will not find anywhere else.

Not just a "Sale" we are a "Horse Buying Event", with a Ranch Horse competition with live cattle and a Trail Horse Challenge on an actual real life trail course. Including a multitude of event demonstrations and much more. Including a multitude of event demonstrations, great horse-loving people, amazing sponsors, shopping, food and drinks, and of course Legendary Horses.

We have been unmatched since 2017 working diligently to customize a showcase of horses to meet our buyers (beginners to seasoned professional) needs, wants & future aspirations in and out of the arena. **"We Stand In a League of Our Own"**, not just in our vetting process and how we give every registered buyer a chance to ride as many Legends as they can, **BUT** how 50% of the horses sold every year come from our own barn of exceptional horses here at Turner Performance Horses, and the remaining spots are only available to the best of the best of invited consignors. This format has given us a step up in providing our buyers with an extensive knowledge of each Legendary horse.

Unlike any other sale we have higher expectations. Our team of Veterinarians and Experience Horseman first and foremost have taken an indepth look into each horse for soundness, including a multitude of radiographs and fulfill all requirements set forth on our comprehensive vet exam. Once soundness is determined each horse must meet the highest standards of mind-set, disposition and skill set in and out of the arena. Our selection process is more than a number or a score; it's about working all year to provide a monumental selection of horses for our buyers.

From the Sales inception League of Legends stepped out of the box and set the standard by scheduling an entire day for registered buyers to ride as many horses as they desire, **NOT** just in the Arena but also Out on the Trail (Logs, Water, Hills and More). We encourage anyone wanting to spend individual one-on-one time with each horse to make an appointment to come out to the ranch a day or afternoon before the sale and spend as much time as they feel necessary to make that all important decision when looking for their dream, Legendary Horse, for yourself and your entire family.

Our 2025 selection includes a multitude of Money Winners in the NRHA, NCHA, NRCHA, Team Roping (Futurities, Jackpots, Rodeos), Breakaway, Calf Roping, and Barrel Racing. We also have a couple Run For The Million Qualifiers, AQHA APHA World Show Qualifiers in an array of events including Ranch Riding, Ranch Trail and Versatility. Horses who can be shown in all Western to English events. An all-around gorgeous Pony and just two multi-talented unique Gypsy geldings. Best of all these amazing athletes and ranch horses are easy to ride, fun, great trail horses and it doesn't matter if your trail is dirt or concrete, they will give their person 110% in and out of the arena!

Our sale would not be successful and continue to set sale records if it wasn't for our amazing and dedicated team here at TPH and our **OUTSTANDING** line up of Consignors and Sponsors! **EVERY HORSE SOLD** is provided with 5 days of Drop Of the Hammer Equine Insurance from Mike Fester of Specialty Risk Insurance and a swag bag with a custom halter from Cannon Falls Trailers and Turner Performance Horses PLUS amazing deals and products from our sponsors!

League of Legends is proud to donate our Lot #1 spot to The Lewis & Clark County "4-H Horse Project"! Turner Performance Horse owners Chand & Paje plus several of the TPH team were and are still deeply rooted in 4-H programs.

The Lewis & Clark County 4-H Horse program is a project that promotes knowledge of horsemanship and responsible, ethical equine use, care, and management. The 4h stands for Head, Heart, Hands, and Health, and the logo is a four-leaf clover with an "H" on each leaf. The program involves equestrian professionals, volunteers, and judges who provide safe and helpful conditions for kids riding. The program also develops skills such as leadership, responsibility, sportsmanship, teamwork, community service, and a positive attitude.

The funds raised from "Where The Legends Of Montana Roam" donated by Dustin Maier of Cortex Collective who is a Montana Native who has captured the beauty of Montana and Ranch Lifestyle for the past 20 years. Will go towards bringing in clinicians, judges, putting on their 4H County Horse Show and providing awards.

4-H is America's largest youth development organization who empower young people with the skills to lead for a lifetime. So would you please raise your hand and bid on this beautiful piece of art work to help this wonderful group of future horseman reach their goals!?

"CLEVER" is one of our team captains, always waiting for the coach to call him to make a winning play or for the assist around the ranch. Real Ranch horse, you name it, he has worked it! This gorgeously built red head with just enough chrome shines in and out of the arena. He is one gelding we have deliberated back and forth on keeping in our program & part of the TPH team, it's been a difficult decision to let him go. He is good-minded, easy to ride, and can make you feel confident in any situation. BIG TIME Head Horse, used as a help rope horse at futurities rope horse shows, and won a lot of \$ at jackpots. Quiet in the box, leaves smoothly, and runs flat. Clever knows his job and gives you the same run each time, with a smooth move across the pen and a snappy face defines the word consistently.

He has the talent, build, and ability to be successful in the show pen. He is fancy broke with fancy type maneuvers that is easy and smooth to operate. A ligament cow horse that knows how to handle a cow across the pasture, sorting, taking one down the fence, or running one across the pen.

The VERY BEST Trail and Ranch Horse has seen all types of terrain from the mountains & rivers of Montana to the deserts and rocky terrain of Arizona. Any ranch foreman would love to swing a leg over him, so smooth makes a day in the saddle like driving a Cadillac. He stands quietly to curb side mount, dismount. Clever hauls next to other horses in the trailer and gets along with others in all situations. He is good with traffic, loud gunfire, blowing tarps, dogs all around him, and wildlife. He passed all sales and veterinary standards with flying colors. Passed all veterinary & sales inspections, sound, UTD on worming, dental, and farrier. We proudly welcome you to our Helena, Montana ranch to try him.

One of our favorite quotes is "In Riding A Horse, We Borrow Freedom" and our APHA gelding "FREEDOM" is a great example of that quote!

Sired by Painted By Gunsmoke (NRHA \$ Earner, APHA Superior in Reining & Cow Horse, NRHA & APHA world Show Producer) Relax, take a deep breath, and let it out; that is how it feels to ride "Freedom." A Rare and Absolutely stunning gelding from head to toe with beautiful color and flawless conformation, kind, soft eyes, and a shimmering long mane and tail. The best part about Freedom is, hands down, his kind demeanor, willingness to please, how he can sit for months and ride off the same as before and curbside mount for anything. Freedom is universal in and out of the arena for the entire family! He is loaded with personality! We have shown Freedom in the Ranch Classes, and he is a point earner in the Ranch Trail! If you're looking for your next partner in the APHA and Ranch Versatility Events in the Ranch Riding, Ranch Pleasure, and the Ranch Trail- LOOK no further! He screams "FUN" and performs all maneuvers and obstacles willingly. Freedom is a very collected loper, has a cool Texas trot, beautiful circles, and fluid transitions. He is also gorgeous in the English saddle and would excel at fox hunting and horse shows! He has been ridden in parades, carried flags and is hard to ruffle his feathers.

He has been ridden extensively on the trails through some of the roughest countries in the western United States. Freedom is very confident and will ride off alone or quiet with horses in a group. Rivers, creeks, bicycles, buffalo, equipment, four-wheelers, wild game, gunfire he does it all and so patiently. He has been on overnight and weekly camp trips in the mountains. If he is not sleeping in your tent, he is more than likely not far from you. He is a true BUDDY. A complete breeze to ride in town, even with the chaos and traffic. Also, he is a staple around the ranch, ponying colts (he would excel if you're looking for a racetrack pony), gathering, sorting pens, and branding, and with his smooth covering stride, he is the most comfortable checking pastures and opening and closing gates.

He hauls and stalls well with others, and has impeccable ground manners. He is really fun and stays tried and true even with lengthy time off. Freedom is just as pretty on the inside as he is out – kind, good-minded, really forgiving, and really takes care of his rider. He is always looking for attention and affection. We are happy to offer a fancy and friendly gelding of this caliber to you!

He would suit a beginner roper or someone more advanced. If you like cow work, this guy will make it fun — boxing, sorting, cow horse, he is ready for it all. John Wayne is great outside the arena, too. No matter the terrain, he puts his ears forward and is always ready for a fun adventure or a job. Lot #5 SRS SON IS RISEN "G-WAGON" 2014 AQHA BAY ROAN 15.1 GELDING | #5605374

Turner Performance Horses LLC 406-381-2347 | turnerperfhorse@aol.com

The sale of "G-WAGON" pulls at the heartstrings of our Paje Turner! As her personal Head Horse for many years and Mr. Dependable for

the entire team here at TPH. We are excited and slightly envious to see who will go home with this outstanding gentleman. He is a distinctively one-of-a-kind individual, with a size and stature that are unique, yet a puppy-like gentle demeanor. A gorgeous, uniquely colored bay roan with large, brown (speak to the heart) eyes. Jaws will drop when G-Wagon enters the room.

His middle name should be "Pay Window," consistently taking his riders to the winner circle time and time again. He will suit the level of the rider on his back. Security, Confidence, and Kindness are what he provides to all his riders. He has an exceptional fancy handle and an easy-to-maneuver neck rein. He is like loping a rocking horse, smoothly and willfully guides. Looking for the ultimate luxury Rope Horse? G Wagon is paid into the Riata Buckle! Heading and Heeling- we say equally as good on both ends. Rodeos, Futurities, World Series, Wrangler, and NTR roping, he has won at them all. He is extremely easy to use, gets you right where you need to be, has plenty of run AND rate, and has a nice move across the pen and a good face. He is a rockstar in jackpots – you can run steer after steer with no box issues; he scores like a soldier and leaves hard and flat.

Not only is he exceptional in the arena, but he's also a pleasure to ride outside, whether it's working cattle or going down the trail. From the dirt roads to the concrete streets, he has traveled them all. Camping in the Montana mountains to the sand dunes of Arizona, he crossed and swam through all types of terrain. G-Wagon is an excellent fit for a wide variety of riders and a team player. Ridden and worked all over the ranch, branding, sorting, doctoring, and opening and closing gates. We have shot off of him and have packed several different levels of riders. He is very gentle and willing to please. We can't say enough good things about him. Aside from being a serious competitor, the G-Wagon is the total package and would make a wonderful JR & High school rodeo horse. Impeccable disposition, he hauls well, gets along with horses in the barn out in the pasture, and used to pony and comfort the young horses in training. G-Wagon has so much to offer and has given us so much, both in and out of the arena; to say he will be missed is an understatement. He deserves the very best; tears will be shed when he leaves our ranch.

He's level-headed, kind-eyed, and rides out soft and easy whether you're headed down the trail or into the box. Petey, is the type that stays broke with time off and saddles up the same every ride. He's been exposed to all kinds of sights and sounds—none of it fazes him. With a naturally quiet way of going, he rides around on a loose rein, takes care of his rider, and makes everyone feel confident in the saddle. But don't let his gentle nature fool you—this gelding's got all the tools to get a job done. He's an extremely smooth mover with a strong stop, clean lead changes, and a solid handle that makes him a natural on a cow. Petey is a very nice heel horse that's been trained right, rates cattle well, and gives you a great shot every time. In the arena, he moves off leg pressure, stays soft in the face, and carries himself like a pro. Out on the ranch, he's the same dependable gelding every day—easy to catch, easy to ride, and just the kind you want to swing a leg over whether you're doctoring calves or heading out for an evening trail ride. This one's ready to step into your program and be the kind of gelding you'll hang onto for years.

of A Sparkling Vintage (LTE: \$54,516 the sire of 2 NRHA triple crown champs & 4.2 Million Dollar Sire). We have enjoyed having him in our barn and looking forward to hear about all the new memories he will make with his new family. Novice to advanced riders will appreciate the way he rides to the level of the person on his back. A MUST-watch video! If you were putting together a PowerPoint report on what a well-rounded and all-around gelding would look like he would be at the top of that list. His talents would list Reining, Cow Horse, Ranch Versatility Show, Ranch Trail, Team Roping, impeccable on trails, great help on the ranch, loves to camp in the mountains and best companion to stroll downtown with! Best of all he is easy, fun, reliable and push button for every level of rider. His only desire is to care for his person with patience, kindness, and forgiveness! We took Strawberry on overnight camping trips, horn hunts in the mountains, and used as transportation through town. He loves the trails just spending some alone time with his person or riding out with the entire family. Leave him for a month, and he will saddle off like he did a month ago. He gets along with other horses, has guiet ground manners, and easily hauls. Strawberry is very helpful he has all the right tools to make a day's work on the ranch easy and safe! Hashbrown is the horse that keeps you smiling every minute you are around him. F rom his inquisitive personality to his pristine training he is the total package - big, beautiful, and broke to the nines! He's a finished cutter that's earner over \$1800 in the NCHA and has been irreplaceable as

a ranch horse and all around family horse. Hashbrown is an own son of Hashtags hall of fame stallion and earner of over \$485k. Hash brown also has just as strong of a maternal side, he is out of Smart Alice Louise earner of over \$47k in the NCHA and producer of over \$85k. This is the kind of horse anyone can go show, no trainer needed. He is smart on a cow, with big strong stops and all the expression and style you need. He is easy to prepare and consistent and solid in the show pen. Hash brown is the horse responsible for letting our little ones fall in love with the cutting. He is absolutely youth and novice suitable, and has carried them through their first few real runs on the flag and on a cow as well as some local shows. He is the real deal in every sense. To top it off, he is just as solid on the outside! Whether you're gathering cattle, shipping, sorting pairs, or doctoring in the pasture, this gelding is top tier and always delivers when you call on him! He has even been team roped on and could easily continue down that path and is eligible for all of the RIATA BUCKLE, GOLD BUCKLE, and ROYAL CROWN money! He's got that ideal mix of talent and temperament - quick-footed and athletic when asked, but quiet and gentle enough for anyone to get along with. You won't find many with this kind of ability that are still safe for the whole family. Big-bodied with a kind eye and a quiet mind, he's an easy keeper, easy to ride, and easy to love.

Hashbrown is just as versatile as he is talented. He's packed an English saddle around some small jumps with our 8 yr old little girl and been the horse our two boys ride through all the canyons and rivers when we go out for fun trail rides. He's easy to ride bareback, double, triple whatever you please. Hash brown has been trained to curbside mount so anyone can easily crawl aboard and enjoy him.

That's not all! He is stellar to steer stop in the arena and would be a fun horse to show in the Versatility Ranch horse classes. He has a stylish long trot, smooth lead departures and a cute turn around. But his stop is his strength. This horse is buttery soft and will bury his hind end when asked. We have even shot guns off of Hash Brown and had him around semis, trains, and other loud equipment. He always meets you at the gate with pleasing on his mind and it doesn't matter if you are an advanced showman or a stone-cold beginner you will appreciate this high caliber horse!

Queso is a beautiful golden palomino that meets you at the gate wanting attention. He is as close as you will get a horse to being like your friendly Golden Lab Retriever in disposition. Queso lopes around like a professional Reiner in the arena and really wants to bury his burn

in the ground when stopping. In the team roping he is a switch hitter (heading & Heeling) and great partner in the Ranch Scrambles. In the heeling in the team roping, I won the Round-up Muley Roping where there were over 200 teams and paying out over \$3k just to mention one of his earnings in the roping. In the ranch scrambles I have placed in multiple events and winning one event on him.

Queso was used down in Winnemucca, Nevada at the Western States Ranch Rodeo Finals where he was used in the grand entry to carry a flag and compete in the ranch rodeo. He has handled the crowds well with an easy-going demeanor.

At home on the ranch Queso has done all aspects of the ranch work. I have used him to sort at the gate at the brandings, splitting the calves from the cows in preparation for branding where he exemplified great cow sense and athletic ability. He really is an adrenaline rush to ride in this position. Queso is good with dragging calves to the fire at Nord forks and wrestlers. In the heading and heeling brandings, he is good at heel shots and head shots giving you good positioning. The riding at the ranch has given Queso lots of wet saddle pads going through some rough terrain with hills, creeks, bush and rocks. Queso has chased cows, calves and yearlings uploading shoots at shipping time where a good reliable horse is needed and is worth his weight in gold. In the pasture at the ranch Queso has done lots of pasture treats where he has been tied off on and held the rope well.

If you are looking for the family trail horse, ranch horse, team roping horse or the ranch scramble horse he does any of these disciplines awesomely!! Welcome any question you may have or schedule a time to try him, we would be happy to have you give us a call.

Radar has been my number one go-to ranch horse for the past several years. He's a true joy to have around – trust worthy and reliable with a friendly personality. This gelding is easy to catch, good to shoe, bathe, load and haul. Radar gets along well with other horses, stays very gentle with time off and is an easy keeper. He is one that will always stand out and get you noticed.

If you are looking for a stout made horse who pulls a deep cinch and is strong from the horn, Radar is the one. He's great for roping and loading cattle in the trailer by yourself.

When it comes to team roping, Radar is a finished head horse that's been hauled extensively to the jackpots, including Wrangler ropings, local jackpots and some in Arizona. He's good in the box, easy to handle cattle on, and faces well.

Radar has also been used in grand entries, ranch rodeos, as well as all the jobs on the ranch including gathering big country and doctoring cattle outside. He shines in the branding pen where he has dragged a lot of calves in addition to head and heel brandings.

His kind demeanor and ability to watch a cow makes him my first choice for calving, especially on cold, late nights.

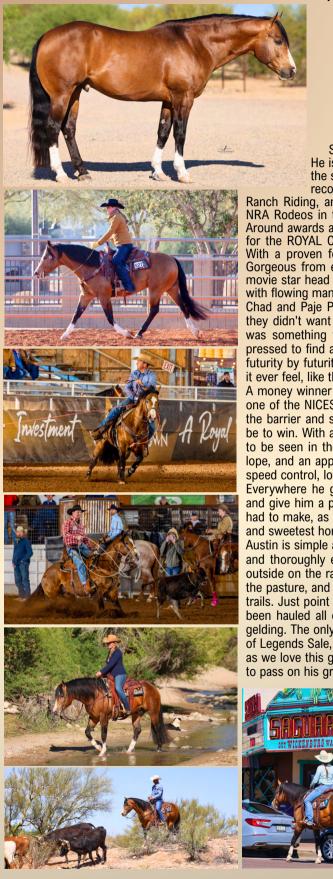

When traveling outside, Radar goes through water, crosses downfall, and handles steep, rough terrain well. He is used to dogs, ropes, slickers and lots of action. This guy is really gentle, safe to be around, and I am extremely proud to offer him.

the show pen! An AQHA World Show Qualifier with AQHA points and a show record in the Working Western Rail, Ranch Trail, Heading, Tie-down Roping, Ranch Riding, and Breakaway events. He took us to the pay window in the PRCA and NRA Rodeos in the calf roping and Breakaway, and to the FINALS as well! Multiple All-Around awards and a Royal Crown Futurity winner. News Alert- Austin's foals are eligible for the ROYAL CROWN Futurities! He produces babies with his kind and gentle nature. With a proven foundation pedigree (Gallo Del Cielo, Smart Chic Olena, and Reminic). Gorgeous from every angle with a broad body, deep chest, powerful hip, low hocks, a movie star head with deep expressive eyes, and top it off, his rich golden buckskin color with flowing mane and tail.

Chad and Paje Purchased Austin when he was three to geld him for no reason, except they didn't want the hassle that can come along with hauling and showing a stallion. It was something they agonized about because, well, just look at him - you'll be hard-pressed to find a flaw. So, the decision was made to take it day by day, rodeo by rodeo, futurity by futurity, and show by show, and now years have passed. It never felt, nor did it ever feel, like they were hauling a stallion; he was just that good all the time.

A money winner with a multitude of riders in various events here at TPH. Quite possibly one of the NICEST Head and Tie Down Horse you'll swing a leg over. He is great behind the barrier and solid in the box, really watches a cow, and puts you where you need to be to win. With a cow horse foundation, He is the judge's favorite; and is a beautiful site to be seen in the show pen. He is very smooth and easy to ride, with a rocking chair, lope, and an appealing extended trot! He has big stops, effortless lead changes, perfect speed control, lots of cow sense, and can hold the toughest one in the herd.

Everywhere he goes, compliments follow; people are just drawn to him, want to meet and give him a pat, which he loves! This is one of the most complex decisions Paje has had to make, as she has repeatedly stated that Austin is her boy. Just one of the kindest and sweetest horses.

Austin is simple and easy to ride with or without a saddle. Austin excels around the ranch and thoroughly enjoys a relaxing trail ride, whether alone or with a group. Mr. Perfect outside on the ranch. He is fantastic at sorting pens, opening gates, working the rope in the pasture, and is always willing and ready for a day's work. Absolutely enjoyable on the trails. Just point and go. Austin has a fun, QUIET personality and a HUGE HEART. He has been hauled all over the US; he stalls, hauls, and ties next to other horses like an old gelding. The only place we can agree to sell our beloved stallion, Austin, is at our League of Legends Sale, because to us, he is legendary. This has been a gut-wrenching decision, as we love this gorgeous guy for so many reasons, and he deserves a barn full of mares to pass on his greatness.

Heroes and Horses

admin@heroesandhorses.org Manhattan, Montana www.heroesandhorses.org

Since 2014, Heroes and Horses has been committed to thoughtful and intentional program development that offers combat Veterans a new paradigm for healing and personal growth. After six successful program seasons made possible by partnerships with local ranchers, in early 2020 Heroes and Horses launched the One-Eighty Out Campaign with the goal of establishing a permanent home base for the program that would allow for program growth and expansion, organizational sustainability, and the creation of a one-of-a-kind human development center for combat Veterans in the United States.

The winning bidder is investing in the long-term sustainability of Heroes and Horses, our philosophy, and program approach ensuring a continued social return on investment that extends well beyond the Veterans we serve each year.

THE ONE-EIGHTY OUT CAMPAIGN

HEROES & HORSES

WE ARE NOT DEFINED BY OUR MANY SCARS, BUT BY WHAT WE DO AFTER THE WOUNDS CLOSE.

- Micah Fink | Founder/CEO

Our mission at Heroes and Horses is to unprogram the programmed. To offer combat veterans an alternative solution for defining and approaching their physical and mental scars - a solution that does not include prescription medications, or traditional psychotherapy, but rather the opportunity to use tools to redefine their purpose, rediscover their inner strength, and maximize their potential by taking ownership of their lives for the first time since leaving service.

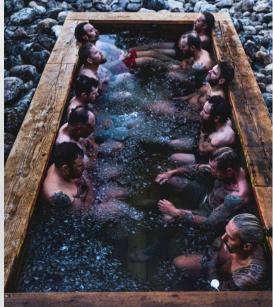

Heroes and Horses offers a 41-day program, the longest veteran program in the United States- which utilizes expedition-style horse pack trips to teach self-reliance, teamwork, and perseverance. Combined with a leadership program, required reading, physical fitness routine, and whole food eating, it is a true 360degree approach to addressing the physical and mental obstacles that veterans face.

Blue is sired by 8-million-dollar reining stallion Gunners Special Nite and out of a Hollywood Dun It/Smart Chic Olena mare. Blue is

a NRHA money earner with limited showing. From the show pen to the mountains of Wyoming, to gathering cattle in the desert of southern Utah, there is not much that he has not seen or done.

Blue has been a part of our family since he was a yearling. He has never taken a lame step or had any health issues. He has had regular worming, trimming and dental care. Started as a 2-year-old on a guest ranch in the Tetons of Wyoming, he was used daily to wrangle the ranch remuda, lead trail rides over bridges, across creeks and through herds of Elk, Moose and Bear, even the dreaded back packers. He has been packed and has led a pack string; all the while being developed as a reining performance horse. He has been used for trail riding every winter in southern Utah, and the last two winters ridden by an 87-year-old woman. I have used him to gather cattle, sort pairs, rope and drag calves. He is easy to catch, clip, shoe, lunge, deworm, clean his sheath without drugs, drag a log, hobble, lowers his head to bridle, side passes up to a mounting block, you name it! Trailer loads exceptionally well, back him out or lead him out. He goes wherever you point him without questioning. He maintains his ideal weight easily. Turn him loose for a month or two, catch him up and go to work. Ride him out by himself or in the middle of a trail ride with unfamiliar horses or mules.

Blue is a big pretty mover in all the gaits. He walks out nicely but is happy to slog along when necessary. He has a huge extended trot but will come back to a jog with the slightest cue. He does all the reining maneuvers very well. He has all the tools to do Ranch Versatility or Western Dressage or just be a faithful companion that everyone can safely ride and enjoy.

discipline is an example of teamwork between you and your horse. However, one event that truly reflects the trust you must have in your equine partner is the Calf Roping. The trust you must have in your horse, to work for you while you jump off and run to the calf, all the while your horse watches you at the other end of the rope to provide you with just the right amount of tension, is so impressive and a great example of trusting your partner. You will find that trusting partner in our "STING"! With multiple riders and multiple levels, Sting has put them in the winner circle at Pro-Rodeos, Amateur Rodeos, and even making the NRA finals! Calf Roping, Heading, Heeling, and Breakaway: he is great in the box, really watches a cow, and puts you where you need to be to win. It is truly handy broken and stays between your legs with a great neck rein, nice lope, and a deep stop. He is so sweet that he will put a smile on your face every time you swing a leg over him. He has the skill set many are looking for and is hard to find! Mr. Eager to please no matter the day, task, or discipline! He is not just an arena horse; he makes a day on the ranch simple- seasoned in all functions! He curbsides mounts from anywhere and will ground tie when it's lunchtime. He crosses challenging water crossings, down timber and bridges, and rides alongside bikes and dogs running underfoot on the trails. He would be a star at the team penning's and sporting's! We are extremely excited to offer Cricket at the League of Legends this year! This is a gorgeous premier steel grey pony that I guarantee is like no pony anyone has ever seen before. He is our children's pride and joy and they have spent every free second with him, he is as pure as they come and wants to do everything with his people. He never has a bad day and I promise you will fall head over heels if you spend 5 minutes with him! Cricket is the absolute go to for everything we do! He's what

Saylor has learned to drag calves on and the reliable mount Townes uses on an early morning when we go gather a pasture. Cricket has truly put in as many long days an any big horse. He has a giant heart and will deliver anytime you call on him. He's been perfect for the kiddos to breakaway on and heel on. We have hauled him to countless JR rodeos where he will go slow and easy for little Townes or step it up for Saylor and Ky. They have done every event on Cricket, goats, barrels, poles, flags, and breakaway. Cricket is accustomed to way too many, dogs, machinery traffic, gunfire, fireworks, you name it and he's seen that brand of chaos! There is nothing that phases him ever. That's not all! Saylor has even rode Cricket english and taken him over some small jumps! He's a natural and so broke and willing he will do anything she asks! Cricket has the easiest slow lope, beautiful lead departures and cute spins that you don't see on very many ponies! He slides to a stop and backs up lightly just like your favorite trained big horse. He can jog smooth and slow or pick it up for a cute extended trot. Cricket has the sweetest one handed handle that makes him perfect for any child no matter their age to learn on! To top it off he's such a smooth nice mover, he just floats across the ground when he trots and lopes it is a blast! My most favorite trait of Cricket's is his ability to adapt to the level of child on his back. He has such a truly kind demeanor he will slow way down for the tiniest of riders or give his all for the bigger more advanced kids. He is truly a rare find in that aspect. Cricket is a gentleman in and out of the arena he crosses water, steep hilly country and rode ways as safely and carefully as you could ever ask one to. He is even broke to drive very well! Cricket will stand for hours while Saylor and her friends brush and play with him and follow them anywhere they lead! He's the kind of pony that meets you at the gate ready for any adventure! He even knows some fun tricks! He will sit and lay down for the kids and will also curbside mount for little guys to mount with ease! Cricket is truly a best friend and top-notch teacher for any child in his world. Please give us a call at and come try our phenomenal Cricket!

SHAPEY, KIND EYE & HANDSOME are the first words that come to mind about this fancy red head with chrome we affectionately call "Pistol". We have had Pistol in our program for a couple of years now and his versatility in and out of the arena and his kind, and good guy nature has made it hard for us here at TPH to let him go. As the son of the late great stallion Dual Smart Rey, (the EquiStat Elite 13 Million Dollar Sire and earner of \$330,436 who left a lasting impact on the cutting and reined cow horse industry) his natural instinct on a cow is well apparent in the cutting, roping, and sorting pen. Pistol is a Money Winning & easy to rope on Head Horse- with natural rate, all the run you need, fancy move across the pen with a snappy face. He steady Eddie in the box and is great with the World Series as well as the traditional barriers. He rides bareback & bridle-less, mounts easily from block, rock or curb, and is so well trained! He glides across the pen, with a fancy handle, lead change, lift of a finger one-handed rein, & the minute you say "whoa," he gives you a nice deep stop. Pistol has all the talent & ability to be successful in the show pen, in the Ranch Versatility, Ranch Riding, & Cow-horse events. He is a ligament cow horse and knows how to handle a cow across the pasture, sorting, taking one down the fence, or running one across the pen. The VERY BEST Trail and Ranch Horse has seen all types of terrain from packing and camping in the mountains of Montana where he has been hobbled and has pickets, to the deserts and rocky terrain of Arizona. Any ranch foreman would love to swing a leg over him, so smooth makes a day in the saddle like driving a Cadillac. He stands quietly to mount, dismount & will ground tie where you leave him. Turn Pistol out for months; he will saddle up & ride off like he was ridden the day before. He is good with traffic, loud gunfire, blowing tarps, dogs all around him, and wildlife. We will continue to enjoy and win on Pistol as-long-as we can & look forward to seeing who the lucky buyer will be. Schedule a time to try him for yourself. Sound & UTD on worming, dental & farrier. Passed all veterinary & sales inspections

Stop right there, you don't want to miss this one! He stands 15HH and weighs 1200lbs, Whiskey is as smooth, and fine as a glass of the best whiskey ever poured. He has been shown in the reining and is a true all around horse. He will drag his butt, do flying lead changes with ease, and spin a hole in the ground with his classy turn around. But If you're just looking for a horse to go ride down the trail, Whiskey is your man for that too. You can drop your hand and he will walk out with a nice smooth walk, cross water with ease, and carefully maneuver through rough terrain. He has also gathered and sorted cattle, along with many other ranch duties. He will pivot, side pass, lope pretty circles and go through obstacles. He's in the prime of his life, handsome, and has so much talent. Can't complain about this combination! Whiskey is great to catch, gets along with other horses well, stands like a gentleman to saddle, shoe, tie, and bathe. Our family has enjoyed Whiskey on our Ranch and we are sure yours will too! If you have any questions or would like to try Whiskey before the sale, please give Kale and Tatum a call at 780-515-0715.

We love all four legged friends, and your dogs are welcome as long as they are on a leash and if you would please pick up after them. We would really appreciate it. THANK YOU

These guys are the best. Before my purchase, chad spent several hours letting me meet all his horses, including the ones that were his keepers. I was lucky enough to find my next horse. They know every nuance of each horse they sell and took the time to work with me to find the horses that specifically filled my needs. I purchased two horses and I could not be happier. Everything was flawless through the sale. I recommend Turner Horses 100% and if I could rate them it would be s STARS Deb Montana My husband and I live in a very congested, noisy, city type of environment and we keep our horses at home. To get to our trails, we have to ride along a four lane highway and past several stores, coffee shops, etc.... The Turner's were up to the challenge and when I inquired about Coco, they thought that although he is only 5, he would fit my wishlist. When I tried Coci n Artona, Chad was kind enough to haul him to Wickehways and batal could 'test' ride' Cocd own the city streets. I am happy to say that we have had Coco home for four days and he has already been out on our trails twice. He is the ultimate professional, and is taking all the noise and commotion in stride. He seems to really be enjoying himself. I can't speak highly enough of both Chad and Paje and their program. Performance and wersatility are exactly what they are about! Many thanks for Cocol...Val

Turner Performance Horses are even better than advertised. Since I purchased Kash he has been the perfect horse - from training and personally to soundness. Chad and Paje have consistently followed up with me to see how we are doing which shows their love for their horses and their care for their customers. I would recommend them to anyone. ~Gail Florida

The League of Legends horse sale was a complete home run. Your thoughtfulness, hard work, knowledge and brutally long hours were very evident. The League of Legends has only gotten better since number one through number four. It has been a pleasure to be a sponsor of such a successful production. Not only to be a sponsor but to be involved with the bidding process and sitting right down front where the action is the best. The real upside to the event is the GREAT horses we have. Marshall & Fancy in 2017, Real & Style in 2018, Yelly Bean 2019

and last but not least Plentee 2020. With your assistance, you've helped improve our ability to ride the horses. I have really enjoyed roping on Real and Yelly. Style is a good guy just to trail ride and relax on. (Mister no sweat.) I can't really speak much for Plentee. We've only had him two

weeks and Sally has dominated him for that length of time. Other than at your ranch when I got to ride him, that's it. But roping season is just about upon us so I may get my crack. (: The really cool point to this THANK YOU is the wonderful and beautiful awards that have accompanied the outstanding winners we have purchased. I don't know how lucky two people can be but Style, Real, Yelly Bean, and Plentee have all won Trail, Ranch or High Seller. Thanks for the great memories that come along with our horses. Can't wait to see you guys in Arizona. Warm Thoughts, Mike Arizona

WE WERE ABLE TO GO TO THEIR RANCH TO TRY OUT A FEW BEFORE THEIR FIRST LEAGUE OF LEGENDS SALE AND THEY'RE HOSPITALITY AND RESPECT FOR MY TIME WAS SECOND TO NONE. WHAT I APPRECIATED MORE THEN ANYTHING WAS THEY'RE ABILITY TO LISTEN to what I really needed in a horse and what HORSES THEY WOULD RECOMMEND. WE'VE ATTENDED MULTIPLE SALES NOW AND I AM ALWAYS IMPRESSED WITH THE FORMAT THAT THEY ARE USING AND THE ABILITY TO TRULY TEST DRIVE ALL THE HORSES. IT IS NICE TO TAKE THE TIME NEEDED TO FEEL IF THEY ARE THE RIGHT FIT AND TO ALSO SEE THE OWNERS SHOWCASE THE ANIMALS ABILITIES. THE TURNERS ARE THE MOST HUMBLE PROFESSIONALS AT WHAT THEY DO. THAT IS TO KNOW THESE ANIMALS SO WELL AND TO GET TO KNOW YOU TO MAKE SURE YOU ARE NOTHING SHORT OF COMPLETELY SATISFIED WITH YOUR PICK AND PURCHASE. Mary Papuga Kimelman Chad and Paje spend countless hours training their horses. I wanted a no nonsense horse and that's exactly what I got. He stands when I mount him, walks off quietly, is a pleasure to ride and loads on the trailer every time. My favorite is that Spotless will move over to the mounting block with a simple cluck for me to get on, this comes in really handy when your out on the trail, he'll move over to a rock, log, and he waits patiently for me before moving off. I've watched many of the Turner Performance & Versatility Horses videos and all their horses are so well mannered. I wouldn't hesitate purchasing a second horse from Chad and Paje...Thank you for Spotless.
